## Qlash - Foam Soap

SF30-compatible

**332220**

### PRODUCT DESCRIPTION

BlackSatino Qlash foam soap offers not just comfort and hygiene but also a pleasant fragrance experience. Together with BlackSatino SparQ, BlackSatino offers two surprising fragrance variations for soaps, toilet seat cleaners and air fresheners. These are no standard toilet fragrances, but specially developed perfumes for BlackSatino washrooms. The soap cartridges are hygienic, and easy and quick to replace. Due to the foam, the cartridge has an approximately 2.5 times higher yield compared to normal hand soap.

Create an even better fragrance experience by alternating between SparQ and Qlash. This keeps the toilet users' sense of smell stimulated, with a positive impact on the overall toilet experience. The top note of Qlash is dominated by citrus, which provides a fresh scent, enhanced by the floral character of the heart notes of jasmine, among others. These sweet powdery tones are combined with the oriental scents from the base notes of Qlash consisting of musk, cedar and patchouli. This combination makes Qlash an exotic, warm and sensual fragrance.

The SparQ and Qlash fragrances used in BlackSatino soaps, toilet seat cleaners and air fresheners are Cradle to Cradle certified. This means that they are 100% safe for people and the environment.
