Air Freshener Dispenser - White

AR30 compatible

332790

PRODUCT DESCRIPTION

The BlackSatino air freshener dispenser, with its fragrance distribution, contributes to the overall washroom experience. Two air freshener fragrances are available: SparQ and Qlash. Regularly switching between the scents turns a visit to the washroom into an experience. The dispenser also harmonises perfectly with the BlackSatino range thanks to its modern appearance.

The dispenser works without electronics or batteries. For optimal use we recommend installing the dispenser in a location where there is mainly natural ventilation, e.g. the entrance areas of washrooms.

PRODUCT ATTRIBUTES
