Qlash - Air Freshener AR30-Compatibel

332240

PRODUCT DESCRIPTION

BlackSatino Qlash air fresheners provide an exclusive fragrance experience. Together with BlackSatino SparQ, BlackSatino offers two different fragrance variations for soaps, toilet seat cleaners and air fresheners. These are no standard fragrances, but specially developed perfumes for BlackSatino washrooms.

Create an even better fragrance experience by alternating between SparQ and Qlash. The toilet users' sense of smell remains stimulated, making the overall toilet experience positive.

The top note of Qlash is dominated by citrus, which provides a fresh scent, enhanced by the floral character of the heart notes of jasmine, among others. These sweet powdery tones are combined with the oriental scents from the base notes of SparQ consisting of musk, cedar and patchouli. This combination makes SparQ an exotic, warm and sensual fragrance.

The SparQ and Qlash fragrances used in BlackSatino soaps, toilet seat cleaners and air fresheners are Cradle to Cradle certified. This means that they are 100% safe for people and the environment.

The air freshener system works without electronics and batteries and thus harmonises perfectly with the sustainable philosophy of BlackSatino.
