Blend - System Toilet Rolls

ST10 compatible

313960

PRODUCT DESCRIPTION

BlackSatino Blend offers the user optimum comfort and hygiene. These toilet rolls are produced CO₂ neutralised and from used towel paper and coffee cups as the most important raw material. The products are also supplied in user-friendly, easy-to-open packaging.

Through a recycling agreement, towel paper and coffee cups that are generated as waste in your organisation can be used as raw material for BlackSatino Blend toilet paper. You are welcome to contact us for more information about such possibilities.
