GreenGrow - System Toilet Paper

314670

PRODUCT DESCRIPTION

BlackSatino GreenGrow system toilet rolls offer optimum comfort and hygiene. GreenGrow is the innovative premium product line for hygiene paper – and a raw material sensation: for BlackSatino GreenGrow, alternative raw materials from recovered paper are supplemented with virgin fibres from Miscanthus, one of the most sustainable pulp resources in the world.

The result: a high-performance, particularly soft, highly absorbent and unbleached toilet paper that measurably protects the environment. The environmental footprint of Miscanthus fibres is 65% less than that of an average virgin wood fibre. BlackSatino GreenGrow is produced with 100% green electricity and no harmful chemicals.
