GreenGrow - Towel Paper
PT30 compatible

275890

PRODUCT DESCRIPTION

BlackSatino GreenGrow towels are suitable for a comfortable and hygienic form of hand drying. The towels can be used individually due to their V-fold, which contributes to lower consumption.

GreenGrow is the innovative premium product line for hygiene paper – and a raw material sensation: for BlackSatino GreenGrow, alternative raw materials from recovered paper are supplemented with virgin fibres from Miscanthus, one of the most sustainable pulp resources in the world.

The result is a high-performance, highly absorbent and unbleached towel paper that is particularly pleasant to use thanks to its softness, while measurably protecting the environment. The environmental footprint of Miscanthus fibres is 65% less than that of an average virgin wood fibre. BlackSatino GreenGrow is produced with 100% green electricity and no harmful chemicals.

PRODUCT ATTRIBUTES

Colour	light beige
Coding	PT20
label / certification	FSC®-Mix, Cradle to Cradle Silver, CO2 neutral, Dermatest Guarantee, Purus Innovation Award 2023 (Kategorie Waschraumhygiene)
Quality
