

# BLACKSATINO HAND TOWEL ROLL DISPENSER

## BLACKSATINO HAND TOWEL ROLL DISPENSER

The BlackSatino towel roll dispensers are ideal for **washrooms with high visitor frequencies**.

BlackSatino Original towel rolls last for approx. 625 uses, which means that the **refill frequency is low**.

The towel output is also set to only dispense one towel at a time. This makes the dispenser **economical in use** and **user-friendly**. The next towel always protrudes a bit, making it easy for the next user to grab the towel to dry off.

The **AutoCut feature** allows the towel to be easily torn off without any need for electronics or batteries. This makes the dispenser **insusceptible to failure**.

Item number: 335340  
PT50

- ▷ Hygienic and compact
- ▷ Black recycled plastic
- ▷ No electronics or batteries
- ▷ Dispenser dimensions: 315 x 217 x 325 mm

## GOOD HAND HYGIENE PREVENTS ILLNESSES

- ▷ **Hygienic drying method:** only paper towels reduce bacteria on hands
- ▷ **Safe washrooms:** bacteria remain on the disposable towel
- ▷ **Easy to use:** no queuing and no noise pollution
- ▷ **Clean and efficient:** a dedicated towel, every time
- ▷ **Failure-free:** no power, no batteries
- ▷ **Residual waste reduction:** paper towels serve as raw material for new hygiene paper
